LOOKING TO HELP?

A roadmap for promoting positive mental health in first responder organizations

SENIOR LEADERSHIP COMMITMENT

- Select one senior leader to be responsible for the strategy
- Read
 <u>Recommended</u>
 Practices
- Visibly champion the strategy
- Allocate sufficient financial and human resources
- Remove barriers and help people responsible for action

WORKPLACE EVALUATION

- Use <u>Guarding</u>
 <u>Minds</u> @ Work
 <u>assessment</u>
 <u>tools</u>, incl.
 organizational
 review and online
 survey
- Identify key risks and workforce stressors
- Establish baseline measurements for future tracking & evaluation

GAP ANALYSIS

- Use <u>Recommended</u> <u>Practices</u>, and the <u>Recommended</u> <u>Practices Gap</u> <u>Analysis Tool</u>
- Integrate these with <u>CSA Z1003</u>, the national standard for Psychological Health and Safety in the Workplace
- See what you have in place and what needs to be in place
- Use workplace evaluation to establish priorities for action
- Track progress
- Regularly communicate progress and gaps to senior management

PRACTITIONERS

 \rightarrow

- Identify mental health practitioners with expertise in treating common issues in first responders
- Source occupational awareness training for these practitioners
- Develop a referral list for your employees

MENTAL HEALTH & PEER SUPPORT POLICIES

- Use <u>Developing</u>
 <u>a Mental Policy</u>,
 <u>Developing a</u>
 <u>Peer Support</u>
 <u>Policy</u>, and
 <u>Overview of</u>
 <u>Peer Support</u>
 <u>Programs</u>
- Involve employee groups in the development of the policies (and peer support program)
- Develop guidelines
- Communicate these to employees
- Review annually

EDUCATION & TRAINING

- Use <u>Overview</u>
 <u>of Workplace</u>
 <u>Training</u>
 <u>Programs</u> to
 identify KSAs for
 workplace groups
 and available
 courses
- Source training providers and/or use employees to deliver training (train the trainer)
- Deliver training to every employee appropriate to their workplace group

MONITOR & CONTINUE RECOMMENDED PRACTICES

- Perform ongoing evaluation to track changes in risks and workforce stressors, and effectiveness of interventions.
- Use
 Recommended
 Practices, and the
 Recommended
 Practices Gap
 Analysis Tool to
 determine what
 other gaps exist
- Continue to implement the <u>Recommended</u> <u>Practices</u>
- Review for latest evidenceinformed practices

Use the "Share it. Don't Wear It." campaign materials to promote these to employees
